

# WYCLIFFE

## GOLF & COUNTRY CLUB

I am dedicating this month's article to the idea of service. We are at a critical turning point for Wycliffe Golf and Country Club. Our newly implemented Governance model allows for the creation of a Strategic Plan and the commitment to execute numerous initiatives laid out as Action Plan items tied to the Strategic Plan. The development and future growth of the Club and services here at the Club are a direct reflection of the memberships wants and needs as communicated to committees, the Board of Directors and Management. I am asking all members to be ambassadors of Wycliffe in one form or another. Many of you have served on Boards, Committees and subcommittees, all of you have had an opportunity to be an ambassador for Wycliffe at one time or another. Ambassadors look for opportunities to embrace new and potential members, renters and acclimate them to the amazing lifestyle offered here at Wycliffe.

Elections to the Board of Directors will be happening very soon. Once the Board is elected we begin the process of orientation and educating new Board members on Governance guidelines an ongoing issues being worked through or the year ahead. Committee selects happens very soon after the Board is selected. Now is the time to think how you can contribute by submitting your name for one of the Club's committees where you feel you can provide the best input. This year we will have a comprehensive orientation for all committee members very soon after committee selection. Once we have committees underway we begin the task of tying in many of our action play items to committee participation.

This past year was a very big year as we kicked off initiatives to improve service to membership in all areas. Next year we will continue to launch new initiatives, challenge the staff to make improvements and add efficiencies, and implement many of the capital projects currently in the initial planning stages. Improvements to the ladies' card room should start in April. Grille upgrades to chairs and some decor finishes will also occur this summer giving you a fresh look as next season returns.

As I close this article we are putting finishing touches on March and April events. As you know we will see families travel to Wycliffe to enjoy the amenities and activities that make this Club so desirable. Please take time to let family members know about dress codes and club rules designed to keep the Club enjoyable and safe for everyone. Golf cart rules will be strictly enforced as will be pool rules, dress codes and general courtesy and conduct guidelines for everyone.

I certainly appreciate the support afforded me by this membership and I speak for the entire team of professionals here at Wycliffe when I say we are looking forward to a great second half to this already fantastic season.
